|  |       |       |

2. How many children answered?

children

I can tally answers in a table.

# Data and Graphs

## Exit Ticket 9.2: Read picture graphs

Name \_\_\_\_\_ Exit Ticket 9.2

1. Write how many in each row.

### Vegetables in the Garden

2. Which has the most? Circle it.

I can read a picture graph.

Name \_\_\_\_\_ Exit Ticket 9.2

1. Write how many in each row.

### Vegetables in the Garden

2. Which has the most? Circle it.

I can read a picture graph.

Name \_\_\_\_\_ Exit Ticket 9.2

1. Write how many in each row.

### Vegetables in the Garden

2. Which has the most? Circle it.

I can read a picture graph.

Name \_\_\_\_\_ Exit Ticket 9.2

1. Write how many in each row.

### Vegetables in the Garden

2. Which has the most? Circle it.

I can read a picture graph.

# Data and Graphs

## Exit Ticket 9.3: Make a picture graph

Name \_\_\_\_\_ Exit Ticket 9.3

1. Draw a circle for each tally mark.

|  | Tally | Toys We Brought |
|--|-------|-----------------|
|  |       |                 |
|  |       |                 |
|  |       |                 |
|  |       |                 |

2. Which has the fewest? Circle it.

I can make a picture graph.

Name \_\_\_\_\_ Exit Ticket 9.3

1. Draw a circle for each tally mark.

|  | Tally | Toys We Brought |
|--|-------|-----------------|
|  |       |                 |
|  |       |                 |
|  |       |                 |
|  |       |                 |

2. Which has the fewest? Circle it.

I can make a picture graph.

Name \_\_\_\_\_ Exit Ticket 9.3

1. Draw a circle for each tally mark.

|  | Tally | Toys We Brought |
|--|-------|-----------------|
|  |       |                 |
|  |       |                 |
|  |       |                 |
|  |       |                 |

2. Which has the fewest? Circle it.

I can make a picture graph.

Name \_\_\_\_\_ Exit Ticket 9.3

1. Draw a circle for each tally mark.

|  | Tally | Toys We Brought |
|--|-------|-----------------|
|  |       |                 |
|  |       |                 |
|  |       |                 |
|  |       |                 |

2. Which has the fewest? Circle it.

I can make a picture graph.

# Data and Graphs

## Exit Ticket 9.4: Read bar graphs

Name \_\_\_\_\_ Exit Ticket 9.4

1. Write how many for each bar.

**Fruit in Our Lunches**

2. Which bar shows 4? Circle it.

I can read a bar graph.

Name \_\_\_\_\_ Exit Ticket 9.4

1. Write how many for each bar.

**Fruit in Our Lunches**

2. Which bar shows 4? Circle it.

I can read a bar graph.

Name \_\_\_\_\_ Exit Ticket 9.4

1. Write how many for each bar.

**Fruit in Our Lunches**

2. Which bar shows 4? Circle it.

I can read a bar graph.

Name \_\_\_\_\_ Exit Ticket 9.4

1. Write how many for each bar.

**Fruit in Our Lunches**

2. Which bar shows 4? Circle it.

I can read a bar graph.

# Data and Graphs

## Exit Ticket 9.5: Make a bar graph

Name \_\_\_\_\_ Exit Ticket 9.5

1. Use the table. Color the bars.

2. Which bar is the longest? Circle it.

I can make a bar graph.

Name \_\_\_\_\_ Exit Ticket 9.5

1. Use the table. Color the bars.

2. Which bar is the longest? Circle it.

I can make a bar graph.

Name \_\_\_\_\_ Exit Ticket 9.5

1. Use the table. Color the bars.

2. Which bar is the longest? Circle it.

I can make a bar graph.

Name \_\_\_\_\_ Exit Ticket 9.5

1. Use the table. Color the bars.

2. Which bar is the longest? Circle it.

I can make a bar graph.

# Data and Graphs

Exit Ticket 9.6: Put together, take apart, compare

Name \_\_\_\_\_ Exit Ticket 9.6

1. How many more giraffes than lions?

**Zoo Animals We Saw**

|                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |
