Name _____ Date _____

Build a Snowman

Roll to build a snowman. First to finish wins!

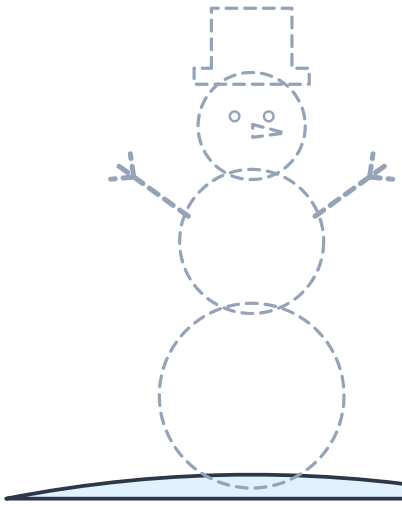

How to play

1 die | crayons | 2 players

1. Take turns rolling the die. Find your roll in the table and trace that part of your snowman.
2. Build from the bottom up: the bottom first, then the middle, then the head. A hat and a face go on the head, arms on the middle.
3. Rolled a part you cannot add yet, or one you already have? Your turn is over.
4. Make a tally mark each time you roll. The first to finish a whole snowman wins!
