

Name _____

Date _____

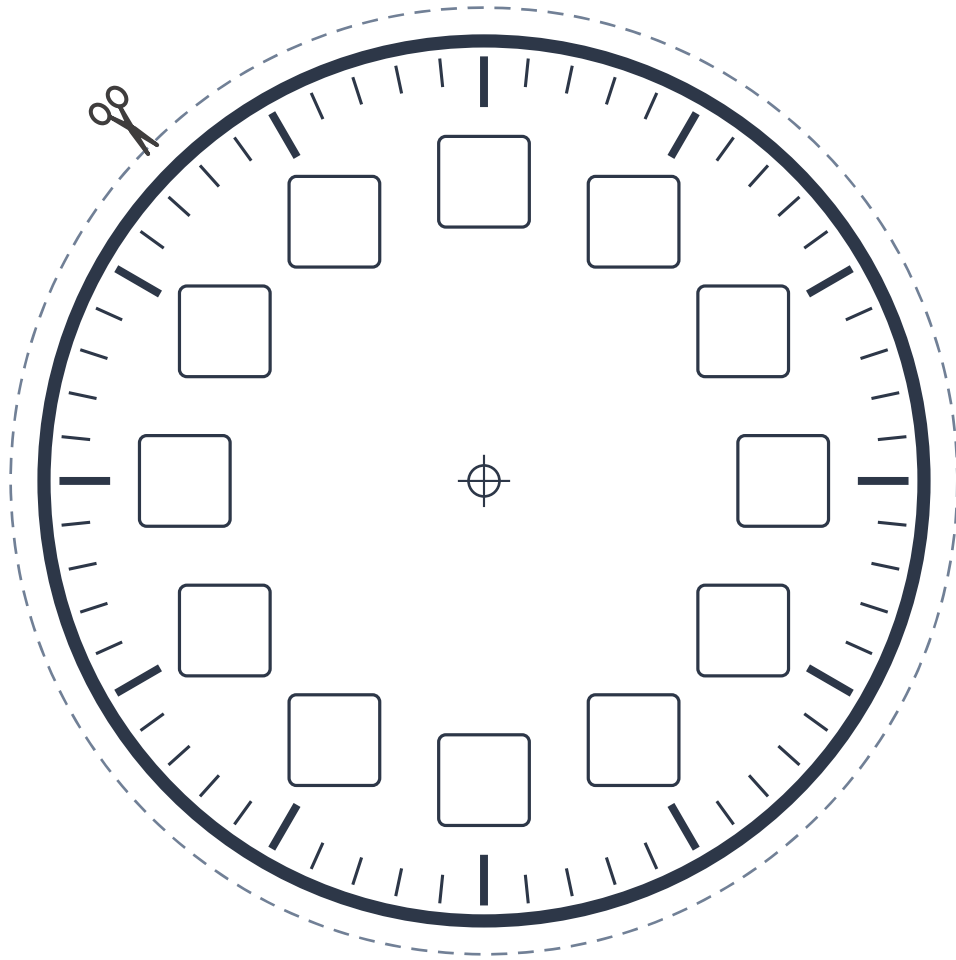

Make Your Own Clock

Cut out the clock and the hands. Join them with a paper fastener.

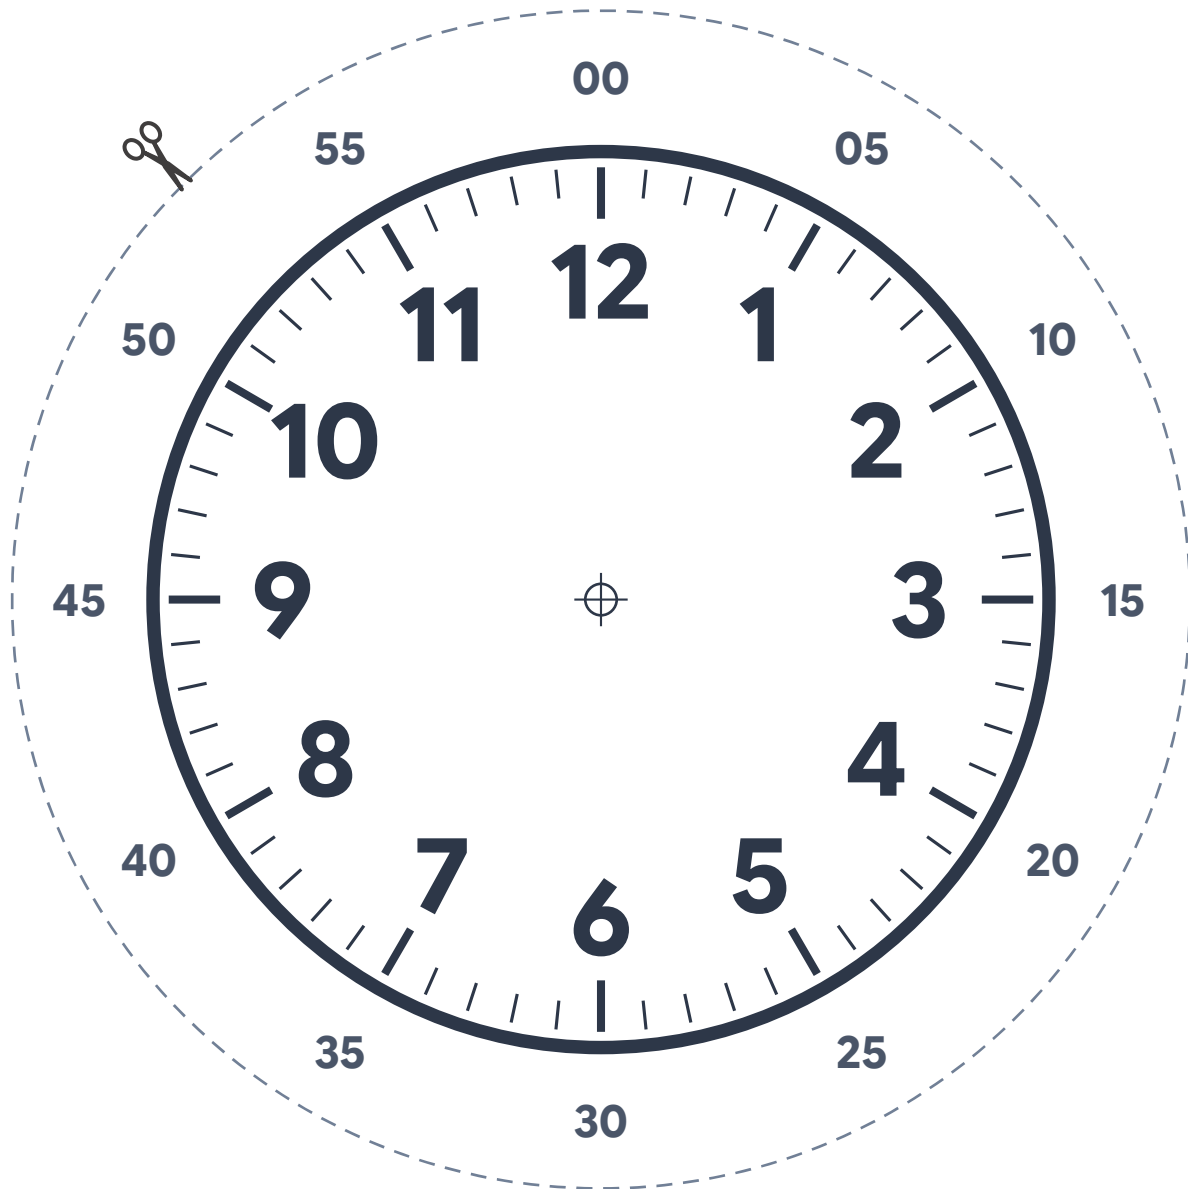

Make Your Own Clock

Cut out the numbers and glue them in the boxes. Add the hands.

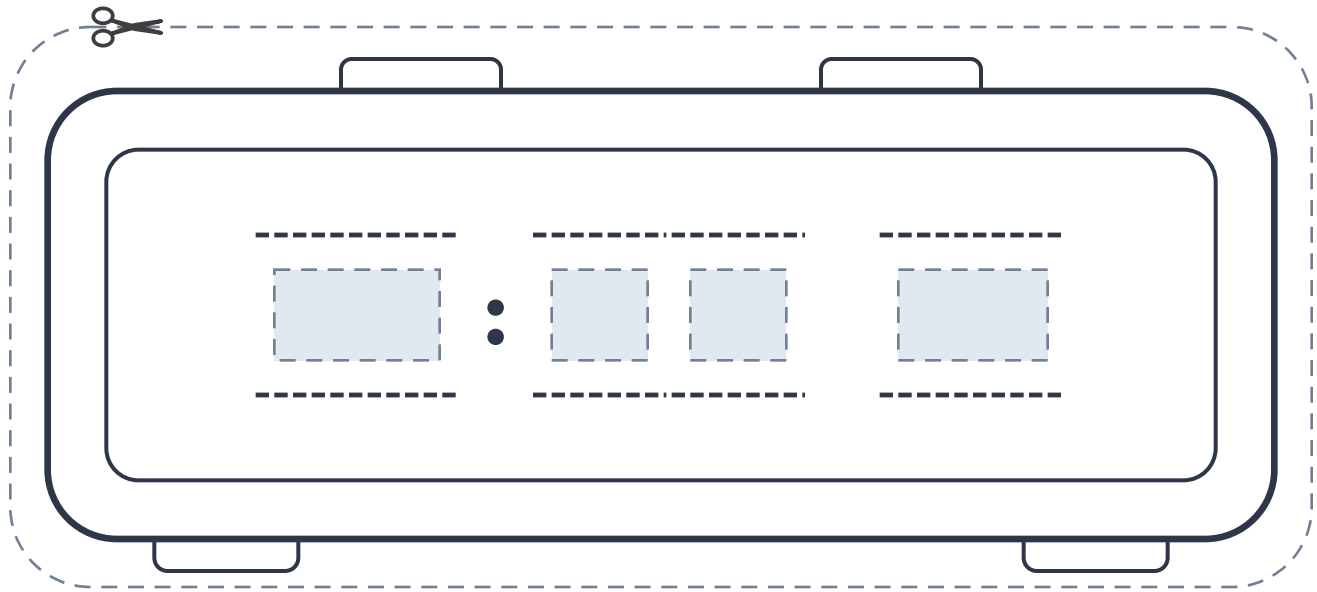

Make Your Own Clock

A minutes clock: the minutes are around the outside.

Make Your Own Clock

Make a digital clock. Cut out the clock, the windows and the slits.

1. Cut out the clock on the dashed line.
2. Cut out the four gray windows.
3. Cut along the short lines above and below each window.
4. Cut out the number strips on the next page.
5. Push each strip in through the slit above its window, slide it down behind the window, and bring it out through the slit below.
6. Slide the strips to set a time: the hour, then the minutes. Show a.m. for the morning and p.m. for the afternoon and night.

Set your clock to these times:

7:30 a.m.

12:00 p.m.

3:45 p.m.

8:15 p.m.

Make Your Own Clock

Number strips for the digital clock: two sets.

1	0	0	a.m.
2	1	1	p.m.
3	2	2	
4	3	3	a.m. / p.m.
5	4	4	
6	5	5	
7		6	
8	tens	7	
9		8	
10		9	
11			ones
12			
hours			

1	0	0	a.m.
2	1	1	p.m.
3	2	2	
4	3	3	a.m. / p.m.
5	4	4	
6	5	5	
7		6	
8	tens	7	
9		8	
10		9	
11			ones
12			
hours			

Make Your Own Clock

Cut out the numbers and glue them in the boxes. Add the hands.
