

Race to the Pie

A board game for 2 to 4 players. Add or subtract to move!

How to play

a die

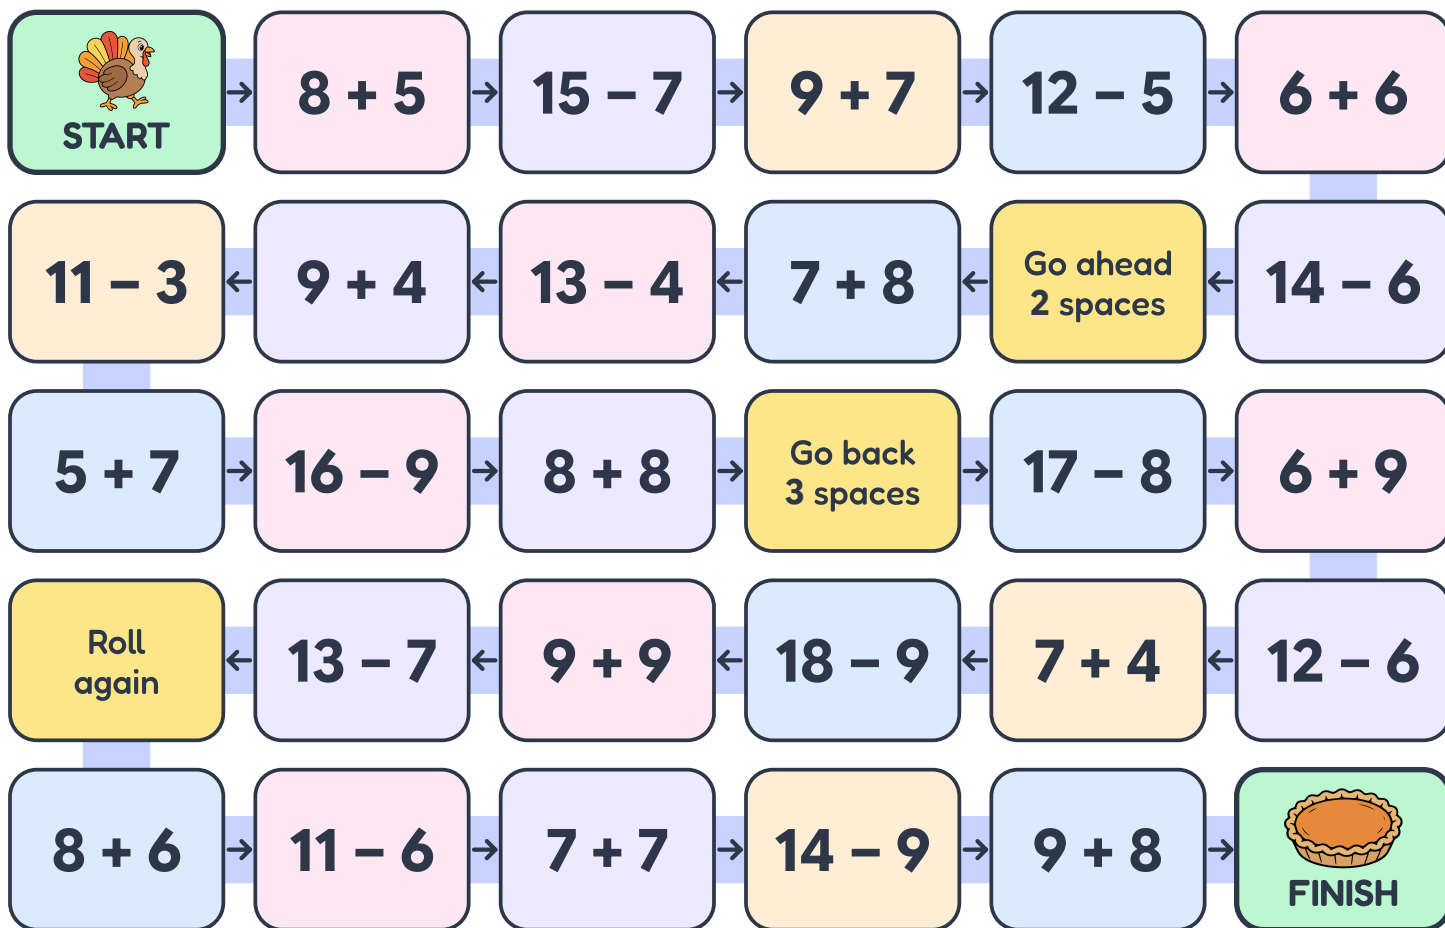

a pawn each

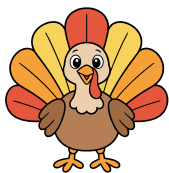

2 to 4 players

- 1 Put the pawns on START. Take turns: roll the die, move that many spaces.
- 2 Say the answer on the space you land on. Your partner checks it on the answer sheet. Wrong? Go back to where you were.
- 3 Landed on Go ahead, Go back or Roll again? Do what it says.
- 4 The first player to reach FINISH wins!

Cut out the pawns.

Roll a Turkey

Roll two dice and add. Color a feather. Who finishes first?

How to play

2 dice

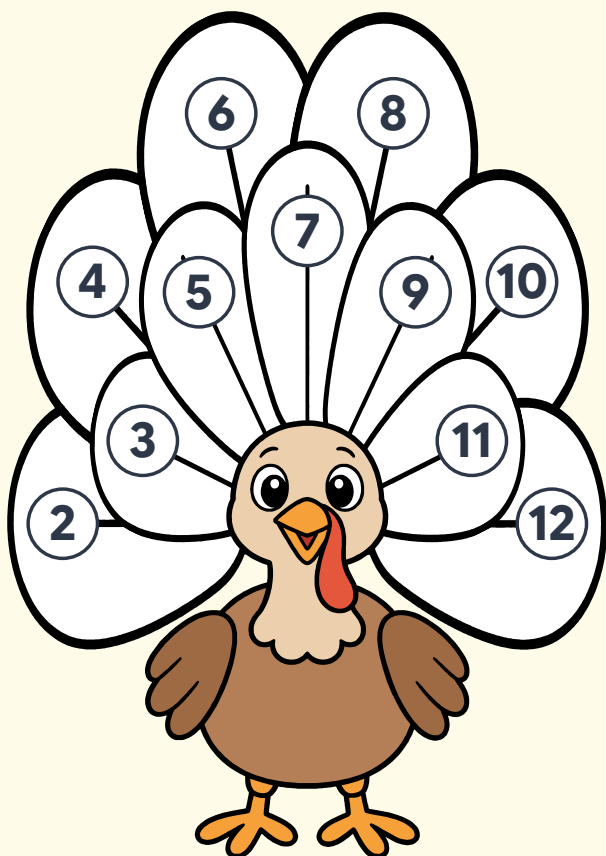

crayons

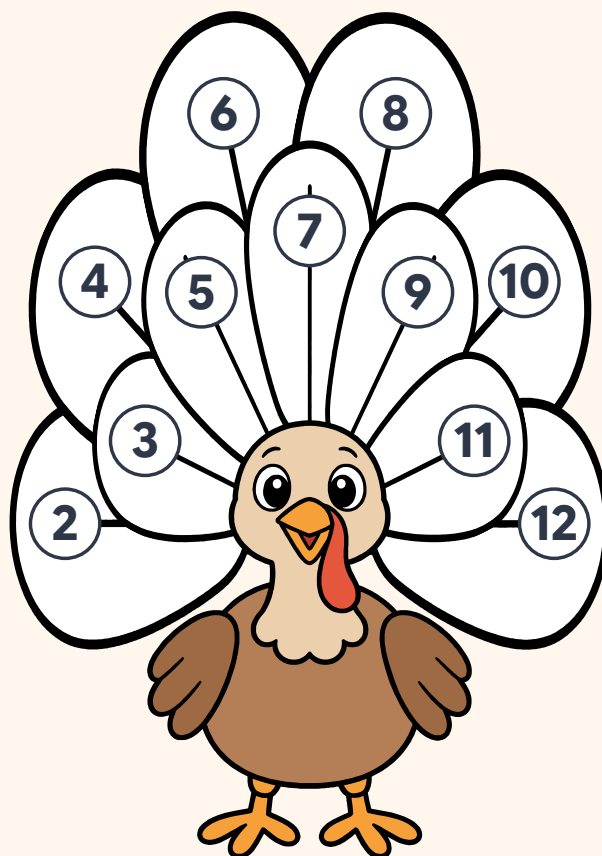

2 players

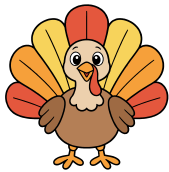

- 1 Each player has a turkey. Write your name on it.
- 2 Take turns. Roll two dice and add the dots.
- 3 Color the feather with that sum on your turkey. Already colored? Your turn is over.
- 4 The first player to color every feather wins! Out of time? The player with more feathers colored wins.

Player 1: _____

Player 2: _____

Gobble Four in a Row

Spin, subtract and color the answer. Get four in a row!

How to play

a paper clip and a pencil

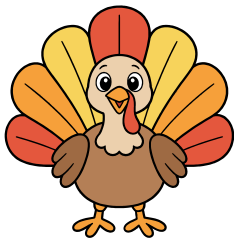

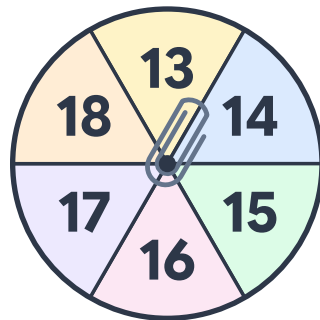

2 colors

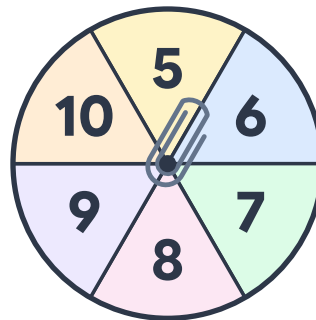

2 players

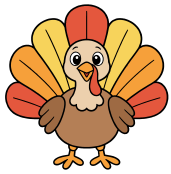

- 1 To spin, hold a pencil point on the dot, inside the paper clip. Flick the clip.
- 2 Take turns. Spin both spinners. Take the second number away from the first.
- 3 Color a space with that answer in your color. No space left with that answer? Your turn is over.
- 4 Get four in a row across, down or corner to corner to win!

-

13	10	9	11	6	7
7	4	8	3	8	4
8	12	11	9	10	7
6	5	10	8	12	9

5	6	8	5	9	6

I Have, Who Has?

A whole class game: add and subtract to find the next card.

How to play

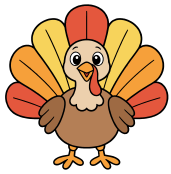

scissors

the whole class

- 1 Cut out the **20** cards. Give every student a card. Some may get two.
- 2 Anyone can start by reading their card out loud: I have **12**. Who has **12 - 7**?
- 3 The student whose card has the answer reads their card next. Keep going round the chain.
- 4 The game is over when the chain comes back to the first card. Play again and beat your time!

 I have 12 ¹ Who has 12 - 7 ?	 I have 5 ² Who has 20 - 3 ?	 I have 17 ³ Who has 4 + 5 ?	 I have 9 ⁴ Who has 19 - 5 ?
 I have 14 ⁵ Who has 11 - 8 ?	 I have 3 ⁶ Who has 10 + 9 ?	 I have 19 ⁷ Who has 13 - 6 ?	 I have 7 ⁸ Who has 2 + 9 ?
 I have 11 ⁹ Who has 9 - 8 ?	 I have 1 ¹⁰ Who has 20 - 4 ?	 I have 16 ¹¹ Who has 17 - 9 ?	 I have 8 ¹² Who has 10 + 10 ?
 I have 20 ¹³ Who has 13 - 9 ?	 I have 4 ¹⁴ Who has 6 + 7 ?	 I have 13 ¹⁵ Who has 14 - 8 ?	 I have 6 ¹⁶ Who has 10 + 8 ?
 I have 18 ¹⁷ Who has 11 - 9 ?	 I have 2 ¹⁸ Who has 10 + 5 ?	 I have 15 ¹⁹ Who has 6 + 4 ?	 I have 10 ²⁰ Who has 20 - 8 ?

Feast Fact Match

Turn over two cards. Does the fact match the answer?

How to play

scissors

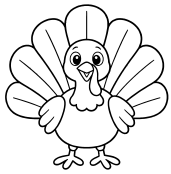

2 players

- 1 Cut out the cards. Mix them up and lay them face down in rows.
- 2 Take turns turning over two cards: a turkey card and a pie card. A fact and its answer? Keep them! If not, turn them back over.
- 3 When the cards are gone, the player with more pairs wins.
- 4 Easier: play with the cards face up and match them all.

 7	 $10 + 6$	 12	 $15 - 8$
 $6 + 5$	 16	 $3 + 7$	 $16 - 7$
 8	 15	 $4 + 8$	 $11 - 5$
 $20 - 5$	 $13 - 5$	 $19 - 6$	 9
 6	 13	 10	 11
